

English speaking doctor

There is an English-speaking doctor in Beaulieu sur Dordogne who seems well recommended. He is the French equivalent of a GP - you can call for an appointment or just turn up reasonably early during visiting hours and you will be seen.

There is a fee for the visit (about £18) which is payable before you leave the surgery but your insurance or your E111 card will cover most of it.

The surgery / office is on the right just after crossing the bridge over the Dordogne from the St Céré / Ailliac direction. It is about 30 minutes from Serenity.

The surgery is open
