

Check in and check out

We will expect you at 4pm on your day of arrival. Don't come earlier unless you want to help clean although you are welcome to come and drop your bags off as long as you take us as you find us. It's always possible that we will have finished cleaning rapidly and you are welcome to move in if that's the case. Give us a call to see when and if that's possible.

So that we have time to do a good cleaning job for the next guests, please go promptly before 10am. Although we'll be sad to see you go and the cat will probably be inconsolable, the cleaners will be very grateful. Again, you're welcome to leave your bags if you need to, we'll put them somewhere safe for collection as required. Please let us know though.
